# WHAT IS THE INBDE?

- The integrated National Board Dental Examination is a new written, cognitive examination for dental licensure which has replaced the former National Board Dental Examination as of August 1st, 2020.
- The exam is "integrated" because it will cover content from several disciplines. In order to do well on the exam, test takers must integrate their knowledge of science with the clinical know-how involved in the safe practice of dentistry.
- By integrating content covering the basic, behavioral, and clinical sciences, the INBDE is intended to be a relevant evaluation of the test taker's knowledge.

## **PURPOSE:**

- This exam is foundation based and acts as a cognitive examination, exclusive of the demonstration of clinical skills.
- The exam is administered with the intent of the state board having the ability to make valid decisions regarding the licensure of dentists
- The INBDE is designed to provide information concerning whether an individual has the entry-level knowledge and cognitive skills necessary to safely practice dentistry

# EXAM SPECIFICATIONS

- **How many questions?**
  - The INBDE is a 500-item examination
- **How will I take the exam?**
  - The exam is administered via computer at test centers throughout the United States and US territories
- **How long do I have to complete the INBDE?**
  - The examination will take one and a half days to complete.

## COST OF EXAM

- The INBDE costs **\$680** which includes official results reporting to the candidates and the dean of an accredited dental school.
- It will cost students **\$45** per single results report for a recipient NOT selected at the time of application.
- There is an additional **\$210** processing fee for candidates who are students or graduates of a dental school not in the United States or Canada.
